UNIVERSITY OF AMSTERDAM

2 • study abroad + internship = YOU!

Master in Quantitative Techniques for Economics and Management

QTEM Master's exchange programme 2018-2019

The QTEM Master's programme:

- is an ambitious and selective programme for outstanding students
- offers a strong background in quantitative and analytical skills and techniques applied to management or economics
- gives you the opportunity to study a (second) semester abroad at one of the QTEM partner universities
- has a mandatory internship component, which will enhance your chances on the labour market

Overview QTEM partner universities (within and outside the EU)

uva.nl/worldmap
