Study Abroad Budget Plan

By filling out this form, you will get a clear overview of your income and costs. You can use it to better manage your expenses. It also makes clear how much financial support you might need to finance your study abroad.

- Please round off all amounts (*don't use decimals, otherwise the form will not work properly*).
- Be aware of different currencies, and make a conversion to Euro's if applicable.
- To calculate monthly costs, divide non-recurrent expenses (indicated with an asterisk '*') by the number of months you will be studying abroad.
- Please check the information on the Digital World Map for an estimation of the costs of student housing and costs for books etc. at the host university.
- The Numbeo website gives estimates of other costs of living in cities all over the world.

Budget € 0_____

- In case your income is higher than your expenses: you might be able to save up!
- If your expenses are higher than your income: take a critical look at your budget plan and try to find expenses to cut. ***Grants and scholarships are available to help you finance your study abroad!***
